July 13-20, 2019

Summer Leadership Academy + Summer Theological Academy

The TEY one-week summer Academy is for high school students to live in an intentional Christian community on the Gettysburg campus of United Lutheran Seminary.

TEY Academy provides a challenging and intensive encounter centered around worship, reflection on scripture, service, table fellowship, rest and play.

Theological Education with Youth is called to cherish, respect, dwell with and learn with high school youth as practicing theologians and dynamic disciples of Christ. We seek to amplify a reflective and constructive love of theology in service to the gospel, and to invite young people to express that love in leadership, including leadership in God's church.

"My experience at TEY this week has been absolutely amazing, and I know for a fact life-changing. I couldn't find one bad thing to say about it if I tried. Everything was perfect, from worship, the food, scenery, bonds we're all able to make and friendships that could last a lifetime." — Amanda

Summer Academy Theme

«Lutherans' & The Bible»  July 13-20

- » Two academies wrapped into 1! Learn the theological components of how Lutheran's read the Bible and then build your leadership skills on how that reading shapes your voice and your actions in the world.
- » We will spend time understanding how Lutheran's read the bible, what that lens looks like and why it matters to us as Lutheran Christians. We will then learn how this lens shapes our public voice for advocacy and change in the world around you.
- » Small group experiences with seminarians from United Lutheran Seminary

What To Expect:

- » Connect with ministry leaders to help shape your leadership skills and style to encourage a life of servant leadership
- » Explore your passions while learning how to use those in service to the world
- » Grow in your faith and be renewed to go into the world to serve!
- » Engagement with adults and youth who respect and cherish you

"TEY is one of the most amazing ways to proclaim the gospel. To see the scholars responding to God's grace and thinking theologically about deep issues is both a joy and a privilege. Oh, that the rest of the church could be like TEY."

— The Rev. Bryan Penman, TEY Faculty
